Vinyl Polysiloxane Bite Registr
Made in Japan

Arti-Bite

Vinyl Polysiloxane
Bite Registration Material
For Precise Occlusal Record

Bausch Articulating Papers Japan K. K.

Wide variety of articulating papers and foils manufacture, Dr. Jean Bausch GmbH & Co. KG have been keep developing and manufacturing ONLY occlusal related products since 1953, with solid concept of "…we make Occlusion Visible".
The new Bite registration material, Arti-Bite is additional line-up for occlusal record and inspection.

For supporting your prosthesis with precise bite registration

For Occlusal Record

Extremely small resistance and right hardness

Easy to squeeze out from cartridges, helps dentists to work in mouth.

Easy to bite without tension, helps patients for accurate bite record.

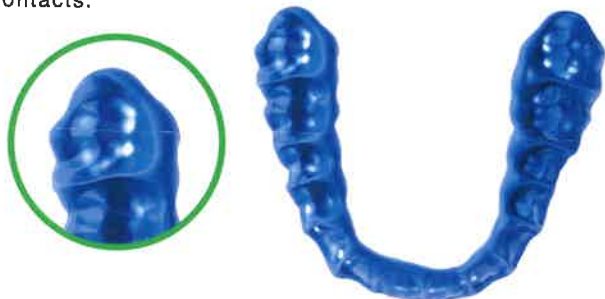

30 seconds setting time minimize the shifts of occlusion.

90 Shore A hardness is just enough trimming and controlling on articulators.

Easy to see occlusal contacts

For easy recognition of occlusal contacts, Arti-Bite is designed to be dark blue color, which helps dentists to see the full arch balance and pressure of occlusal contacts.

Keep it for record

Precise and durable feature with less than 0.1% dimension variation, support long storage for record. Ideal for occlusal adjustment and/or ortho progress.

Technical Data

Working Time: 20 sec.

Time in mouth: 30sec.

Hardness: 90 Shore A

Dimension variation after 24hr: -0.1% or less
