

Clinicare

Alcohol Free

Hospital Grade - Disinfectant Wipes

Multi-Purpose

- For use on all hard surfaces
- Suitable for use on plastics

Tested under dirty conditions for proven and fast activity

- Only 30 seconds wait time for activity against Covid-19

The most effective wipe in the market

- Clinicare Alcohol Free Hospital Grade Disinfectant solution is a highly effective cleaner and disinfectant. It has been developed for use in hospital operating rooms, isolation areas, neonatal units and other critical care areas where environmental control of cross contamination is important.

Peace of mind

- Broad Spectrum multi-purpose formula

Versatile

- Acts as a decontaminating and disinfectant wipe replacing the need for different types of wipes and solutions for surface cleaning
