

Swirl PREP

Pre-procedural Mouth Rinse

Ready to use

As recommended by the Australian Dental Association
"Managing Covid-19 Guidelines"

It is recommended that prior to commencing treatment all patients should be asked to undertake a 20-30 second pre-procedural mouthrinse with 1% hydrogen peroxide

Proudly developed and made in Australia

- 1% Hydrogen Peroxide
- Ready to use solution, no additional preparation required
- Refreshing mild mint flavour
- Delicious wildberry flavour that your younger patients will love
- Swirl PREP can be used before, during and after dental procedures to sanitise the oral cavity

Reorder Codes:
DL0855 - 500 mL bottle Mint flavour
DL0858 - 5 L container Mint flavour
DL0856 - 500 mL bottle Wildberry flavour
